# Features & Benefits

MEDICLASS™

*This Function is for Reference Only. Manufacturer or Seller of JABES Life Sound System Electronic Stethoscope is NOT Responsible for Any Misdiagnosis.

"I must say I am impressed with the product overall. Construction seems sturdy but still reasonably light for the user. The sound and the overall power of the unit was also very pleasing." *Distributor A*

"What you have is a Littmann 4000 at the Littmann 2000 price." *Distributor B*

"The JABES stethoscope allows a much more sensitive and accurate assessment of pulmonary, cardiac, and other vascular abnormalities than any other stethoscope I have used in 20 years of practice." *Robert Fehr, M.D.*

"When people ask me what I think of the JABES stethoscope, I tell them that I hear more, in less time, and more accuracy than I had imagined. I listen with new confidence and pay closer attention to subtle sounds that I have never heard before. I liked it so much that I bought it after a few days use and would recommend it to any practicing physician." *David B. Staab, M.D.*

***User Group : Doctors, Nurses, Medical Students, Home Healthcare Givers, Paramedics, Veterinarians***
